Mr. James C. Bowling Senior Vice President PHILIP MORRIS 100 Park Avenue New York, NY 10017

Dear Mr. Bowling:

This is to confirm and to remind you of our invitation of a couple of weeks ago by which we invited you for an interview concerning "Death In The West."

As I explained to you on the telephone, the film has become the center of considerable attention and discussion in several communities across the country. I understand you have spoken to other reporters about it, and I would hope you would be willing to do so with us.

Looking forward to hearing from you and with my best wishes, I am yours,

Sincerely,

Joseph De Cola
